

AIO GLOBAL CORP.

Advanced Inbound Outbound Global Corporation

COMPANY PROFILE

AIO GLOBAL CORPORATION was founded in January 2011 by a group of professionals specializing on various chemical businesses in Korea. The company became the unique distributor of Sebang Global Battery in the Philippines, the battery industry leader in Korea with the brand of 'Rocket' in the Philippine Market offering deep cycle batteries for Golf Carts, and UPS.

Due to Additional capitals and full support by AIO Global Corporation's board directors, AIO Global was authorized by Korea Kumho Petrochemicals Corporation (KKPC) to supply plastic resins such as General Purpose Polystyrene (GPPS), High Impact Polystyrene (HIPS), Expandable Polystyrene, Acrylonitrile Butadiene Styrene (ABS), Engineering plastics and Polypropylene Glycol (PPG) in the Asian Market.

By 2012, AIO Global became a unique dealer of Philadelphia Scientific Inc. carrying the brand of Maroo MCS for Battery management system. Also, in partnership with Fursys Inc., AIO Global has joined the System Furniture supply in the Philippines and became a fast rising player in the design and supply of office furniture.

With a growing business portfolio and aggressive approach to become the industry leader in Battery Supply and System Furniture, AIO Global is committed to give you the best

value and quality for your requirements. Periodic maintenance and 2 year warranty for the Rocket Group; free design consultations, estimates, training and lifetime service warranty for the Fursys System, AIO is looking to become your business partner for your company's continuous growth and development.

PRODUCTS AND SERVICES
<http://www.globalfursys.com/>

FX-1 – FURSYS’ next generation (FX-I) office series is based on minimalist design concepts. It is a complete customizable workstation with everything from desk surfaces, panels and storage units to accessories that provide style, space and work efficiency.

EXPACE – The EXPACE office furniture features the “Spine” panel, a new design concept that houses numerous network wires and cables neatly inside. The spine based system serves as the backbone for flexible office layouts, freely accommodating desks, shelves, low walls, storage and other accessories.

SIDIZ –SIDIZ is a specialized brand dedicated to the research, design and manufacture of chairs. Combined with cutting edge ergonomic technologies supporting human movements to the maximum level of comfort, our smart and creative designs imbue a stronger value to your life.

PUZZLE PLUS – The Puzzle Plus office desk connects to a tall unit, which serves as both the pedestal and cabinet, providing greater legroom underneath the desk. The desktop is ergonomically designed to accommodate a user’s body movement. The desktop and tall units attach easily and freely in a wide variety of configurations.
